

Assignment: 8
Points: 15
Due Date: 05/01/2013 12:00 PM

(3 points each question or its part)

Chapter 7: 4th and 5th editions

Section 7.1, p. 183, Nos. 2*, 4(a^* , b , c , f^*)

Section 7.2, p. 195, Nos. 3*, 4*, 5, 9*

Draw the transition graph for the npda's.

Chapter 8: 4th and 5th editions

Section 8.1, p. 212, Nos. 3*, 7(a^* , c , f^*), 8(a , b^*)

For 8(a), if the language is context-free, define a context-free grammar for it, and if it is not, prove it using pumping lemma.

You should hand-in only the problems without '*'. Hand written solutions will **NOT** be graded.
